Auto Darkening Welding Helmet 8700SGC Series

ASF8700SGC

ABB8700SGC

DESCRIPTION

The Metal Man Professional Auto-Darkening Welding Helmet has all the features the professional welder expects and customized graphics for a look that they want. This fully automatic helmet gives the user the ability to make adjustment to important controls such as shade, sensitivity, and delay. The grind feature also allows the user to wear the helmet while grinding. ANSI and CSA approved. This helmet features a 5-point adjustable ratchet style head gear with a removable/washable sweat band.

Order Part Number: ASF8700SGC
ABB8700SGC
