WORK GEAR

Inverter 80

DESCRIPTION

The Inverter 80 is a portable DC inverter arc welder. This unit uses 120V (110-120V), 60HZ AC power. A 20 Amp time delay fuse or circuit breaker is recommended. The Inverter 80 has built in Hot Start and Arc Force to help you easily start and maintain the welding arc. It is ideal for Do-It-Yourself projects or for light maintenance. Stick weld with DC electrodes up to 3/32". With the Inverter 80 you perform scratch start DC TIG welding on carbon steel or stainless steel with the optional TIG torch.

Order Part Number: I80

Optional TIG Torch: ACTT1

SPECIFICATIONS

- 120V 20 Amp 60 Hz Input Power
- No Load Voltage 75V
- Output Range 20 to 75A DC
- 20% Duty Cycle @ 75A
- Built-In Hot Start And Arc Force to help start and maintain the welding arc.
- Scratch Start DC TIG welding on steel and stainless steel using the optional TIG Torch.
- Electrodes 1/8", 5/64", 3/32"
- Weight = 9.9 lbs
- 1 year warranty
